**Capital:** Willemstad **Time:** GMT - 4

**Background:** Once the center of the Caribbean slave trade, the island of Curacao was hard hit by the abolition of slavery in 1863. Its prosperity (and that of neighboring Aruba) was restored in the early 20th century with the construction of oil refineries to service the newly discovered Venezuelan oil fields. The island of Sint Maarten is shared with FRANCE TEL: (whose northern portion is named Saint Martin and is part of Guadeloupe).

**Map References:** Central America and the Caribbean

**Climate:** tropical; ameliorated by northeast trade winds

Almost all consumer and capital goods are imported, with Venezuela, the US, and Mexico being the major suppliers. Poor soils and inadequate water supplies hamper the development of agriculture.
