

KENTUCKY, USA

SLOGAN: BLUEGRASS STATE
ABBREVIATION: KY

State Dialling Code (Tel/Fax): ++1 502

Kentucky Department of Travel: 500 Metro Street, Suite 2200, Frankfort, KY 40601 Tel: 564 4930 or 800 225 8747 (toll free) Fax: 564 5695 E-mail: travel@mail.state.ky.us Website: www.kentuckytourism.com

Capital: Frankfort **Time:** GMT – 5

Background: Kentucky entered the Union on June 1, 1792, as the 15th state. Located on the border between the historical US regions of the North and the South, the state officially remained in the Union during the American Civil War, but a considerable number of its citizens fought with the Confederate army. Kentucky was mainly a farming state until the mid-20th century, when services and manufacturing became the leading economic activities. Abraham Lincoln was born in Kentucky. The state's name is taken from the Kentucky River, the name of which may be derived from an Iroquoian term for "meadowland". Kentucky is known as the "Bluegrass State". Its major cities are Frankfort (the capital), Louisville, Lexington, Owensboro, Covington, and Bowling Green.

Population: According to the 1990 census, Kentucky had 3,685,296 inhabitants, an increase of 0.7 per cent over 1980. The estimated population for 1997 was 3,908,124. The average population density in 1990 was 35 people per sq km (91 per sq mi); considerably higher densities occurred in the north-central, eastern, and western parts of the state. Whites made up 92 per cent of the population and blacks 7.1 per cent; additional population groups included 5,614 Native Americans, 2,972 people of Korean ancestry, 2,922 people of Asian Indian background, 2,736 people of Chinese origin, 2,513 people of Japanese background, and 2,193 people of Filipino descent. Approximately 22,000 Kentucky residents claimed Latino ancestry.

Location: Kentucky (state) (officially Commonwealth of Kentucky), one of the eastern states of the United States, bordered on the north by Illinois, Indiana, and Ohio; on the east by West Virginia and Virginia; on the south by Tennessee; and on the west by Missouri. The Ohio River forms the state's entire northern boundary, the Big Sandy and Tug Fork rivers form much of the eastern border, and the Mississippi River forms the western boundary.

Area: Kentucky has an area of 104,664 sq km (40,411 sq mi); 5.5 per cent of its land area is owned by the federal government. The state has a maximum extent of 679 km (422 mi) from east to west and 293 km (182 mi) from north to south. Elevations range from 78 m (257 ft), along the Mississippi River in south-western Kentucky, to 1,262 m (4,139 ft), at the top of Black Mountain in the south-eastern part of the state. The approximate mean elevation is 230 m (750 ft).

Industries: Kentucky leads the nation in coal production, the type of coal mined being bituminous or soft. Other leading minerals include stone, natural gas, petroleum, sand, gravel, clay, lime, lead, zinc, gemstones, and fluorite.

Livestock and livestock products—namely beef cattle, milk, pigs, chicken eggs, and broiler chickens—provide about half of the state's annual farm income. Most of Kentucky's famous thoroughbred racehorses are raised on bluegrass pastures near Lexington. Crops account for about half of the state's total farm income. The state ranks second (to North Carolina) among the United States in the production of tobacco, the state's most valuable crop. Other significant crops are hay, corn, soy beans, wheat, barley, sorghum grain, oats, and fruit (especially apples and peaches). Hardwood trees such as oak and hickory account for more than 90 per cent of timber output; 85 per cent of the timber is used for sawlogs. The fishing industry is of little commercial significance.

Leading manufactured products include industrial machinery, electronic equipment, transport equipment, primary metals, clothing, textiles, cars, chemicals, processed foods and rubber, and plastic products. Kentucky leads all states in the production of whiskey.

Ports and Harbors: Louisville
